

Schindler 6200/6300 interior design

Smart design for flexible functionality.

Décor lines, colours and materials for your replacement elevator.

Choice of design

The Schindler 6200/6300 elevator unifies design and functionality in a way that makes passengers feel comfortable and safe. Combine styles, colours and options to suit your building. Carefully selected materials enhance the look and feel.

2 style sets

Choose Round for a smooth organic appearance, or Square for a modern linear look. The style sets are expressed through the ceiling, corners and handrail design.

5 ceilings

The ceilings match the style sets perfectly and come with energy-saving LED lights.

41 colours

From fresh and lively to warm and inviting, choose the wall and floor colour you want from our four distinct décor lines.

Unique combinations

When it comes to customizing your elevator car interior, our Libertà concept sets you free.

- Three steps to creating a personalized ambiance:
1. Choose interior style set.
 2. Combine wall and floor colours.
 3. Add features such as operating panels, mirrors and handrails.

A great look always comes in style

Car interior style sets

Square style set

Convey modern functionality with a minimalist and clean interior décor. The Square interior style set comes with:

- Line, Spot or Square
- Corner less car
- Straight handrail as an option

Style set: Square
Ceiling: Spot, Stainless steel Lugano Matt Finish
Walls: Mascara Red
Handrail: Straight, Aluminum Brushed
Skirting: Aluminum Anodized
Floor: Rubber speckled Light Grey

Round style set

Create a smooth and organic feeling. The Round interior style set comes with:

- Bracket or Curve ceiling
- Curved corners
- Rounded handrail as an option

Style set: Round
Ceiling: Bracket, Stainless steel Lugano Matt Finish
Walls: Capri Lemon, Catania Grey
Corners: Aluminum Anodized
Skirting: Aluminum Anodized
Floor: Rubber speckled Sand

** Corners available for 6300 only

Park Lane

Contemporary and durable

Park Lane

Captivating stainless steel sets the Park Lane line apart. Six different types of stainless steel are available, from bright brushed to gold, with patterns or without. All types are discretely modern and unassuming.

Style set: Square
Ceiling: Line, Stainless steel Lugano Matt Finish
Walls: Stainless steel Zurich Dark Brushed
Handrail: Straight, Aluminum Brushed
Skirting: Aluminum Anodized
Floor: Artificial granite Grey

Specifications, options and colours are subject to change. All cars and options illustrated in this brochure are representative only. The samples shown may vary from the original in colour and material.

** Corners available for 6300 only

A perfect outfit with matching accessories

Fixtures and options

Mirrors

Mirrors always add a special sense of space to rooms and buildings. In order to give your car more appeal and depth, the side walls or the rear wall can be provided with a full-height or half-height safety glass mirror.

Handrails

Even though your elevator travels smoothly and with almost no sound, handrails convey a feeling of security. Round and straight or straight with curved ends handrails match the interior and shapes of your car and can be mounted to the side and rear walls. The following finishes are available for round and straight style handrails: Riga Grey, aluminum polished or brushed.

LED lighting

The LED lightings used in the Schindler 6200/6300 combine modern design with high energy efficiency. Compared to a standard light bulb LEDs have a life expectancy of up to 20 times while consuming less energy.

Complement your elevator with appealing details

Features and options

Comfortable operation

Do you need Braille-labeled buttons? Is restricted access essential for your building? Our features and options let you individualize your elevator to meet specific requirements. The possibilities are nearly endless.

Performance

Meet the daily demands of regular operation in your building, as well as any special requirements, thanks to our wide range of performance options.

Design

With the Schindler 6200/6300 you can easily complement your building's existing look and feel. Beyond visual considerations, the elevator's technical design possibilities ensure a seamless match.

Accessibility

Schindler believes in access for all. Usability and user friendliness shaped our approach to accessibility options in the Schindler 6200/6300.

Security

Privacy and security can be critically important, especially in commercial buildings. Securely integrate your elevator into your overall building management concept via our related options.

Green

The environmentally friendly features of the Schindler 6200/6300 enable you to comfortably reduce your everyday energy consumption. This is technology for clean mobility.

Want to experience more of our features and options? Please contact your Schindler consultant.

Halogen-free cabling and wiring	
Shaft ventilation device	

From the subway to the skyline

Providing urban mobility

Mobility is an essential requirement in the world in which we live and work. Schindler stands for urban mobility and is recognized as a hallmark of quality and safety. Daily, over one billion people worldwide place their trust in Schindler products and services.

Trusted company

Dependability since 1874. Schindler provides urban mobility with elevators, escalators and services that are engineered for efficiency and sustainability. Our products are built to last and our expertise is based on:

- Swiss quality engineering
- More than 56'000 dedicated experts
- Network in over 100 countries, available 24/7

Professional services

Dedicated experts that provide seamless support. Schindler is a reliable partner for the development of buildings from planning and construction to daily operation, thus safeguarding their lifetime value. We understand the challenges of different building types from airports to residential properties. We collaborate with you on:

- Planning & traffic calculations
- Maintenance, Repair & Modernization services
- Customer & Diagnostic services

Smart solutions

Prepared for the future, made for purpose. Schindler technologies are engineered to optimally serve the requirements of users and buildings. We optimise transit management and service preventively with our maintenance methodologies.

- PORT transit management
- Schindler Direct monitoring & response service
- Schindler Dashboard online portal

Built-to-last. Always up-to-date.

Modernizing ensures safety, comfort and protects your investment in the long term. Schindler replaces whole systems or step-by-step, by replacing specific parts. Schindler can upgrade any installation to meet passenger needs and to comply with official regulations. Find more information on Schindler products: just scan the code with your mobile phone, using free QR code scanner software. This is pre-installed on your phone or easily downloadable for free.
